WIRELESS KEYPAD

What's it for and what are the benefits?

Add a wireless keypad with sleek stainless steel trim and back lighting for easy transmitter-free access to your garage. The surface-mounted keypad is battery operated making it the perfect solution for retrofitting. Its a great option for when you go out on your bike without your keys!

How does it work?

The keypad also has flexible usage options - multiple codes and the ability to control up to five different functions, such as garage door and lighting, etc. The keypad offers flexibly as its battery-operated and needs neither a power supply connection nor wiring. That means it can be installed more or less wherever it is needed.

What does it need to make it work?

It is an addition to the Teckentrup DRIVE / DRIVE PRO 500 & DRIVE /DRIVE PRO 600 garage door motors.

What else works with it?

It operates as a stand-alone unit or can be fitted with other Teckentrup DRIVE accessories.

How much is it?

See the current retail price list.
