IN MY GARAGE...**

RELAY TO CONTROL LIGHTING

Relay

What's it for and what are the benefits?

A relay allows control of other garage or garden security lighting for greater flexibility. Not only acting as deterrent in and around your garage, the relay also allows lighting activation when you open your garage door.

How does it work?

The relay allows control of your lighting inside and out of your garage deterring potential intruders and illuminating your garage for safe and easy access.

What does it need to make it work?

It is an addition to the Teckentrup DRIVE / DRIVE PRO 500 & DRIVE /DRIVE PRO 600 garage door motors.

What else works with it?

It operates as a stand-alone unit or can be fitted with other Teckentrup DRIVE accessories.

How much is it?

See the current retail price list.
