LIGHT BAR & MOTION SENSOR

What's it for and what are the benefits?

High-quality, high-performance LED strips for outdoor use illuminate your entire driveway for convenient parking. Simply add light bars to the outside of your garage to make a real design statement whilst increasing accessibility and safety at night.

How does it work?

The light bar has a stand-alone power supply and motion detector. The light is 1500 lumen per metre and has neutral white 4000K light. The light bars are also durable and weather-resistant.

What does it need to make it work?

It is an addition to the Teckentrup DRIVE / DRIVE PRO 500 & DRIVE /DRIVE PRO 600 garage door motors.

What else works with it?

It operates as a stand-alone unit or can be fitted with other Teckentrup DRIVE accessories.
