12TH NOVEMBER 2026

NEW!

Goodbye CarTeck Switch, Hello CarTeck Switch PRO!

We listen. The trade-only CarTeck Switch insulated side hinged garage door offering has undergone a revamp - Introducing the **CarTeck Switch PRO!** The original concept was to allow for cost-effective replacement of the most popular standard up & over door and frame sizes. The Switch PRO still does that, but with the added flexibility of **made-to-measure** - so if it's not quite a standard size, it's no extra cost to you!

"Standard sizes don't work for us!"

✓ The Switch PRO is made-to-measure!

Over-frame widths up to 2640mm.
Over-frame heights up to 2356mm.

"We want a better threshold!"

✓ All Switch PRO doors now have a raised aluminium centre threshold section with bulb weather strip.

"We want the most resilient surface finish!"

✓ All Switch PRO doors now have the Woodgrain surface texture.

"We want the keenest price!"

✓ Done. List prices start at just **£2190 +VAT!** Spring stays are NOT included as standard but can be added as an option at £99 +VAT per stay, £198 a pair!

"Can we have matching side doors?"

✓ A matching personnel door is available for Centre Ribbed Horizontal doors!

Over-frame widths up to 1250mm.
Over-frame heights up to 2170mm.

"We want them FAST!"

✓ Made in the UK - No long lead times waiting for doors to be made and shipped from overseas. 2-3 week lead time dependent on location!

For all the detail, visit the Switch PRO page!
