

CarTeck MOTOR

RELIABILITY MADE EASY!

KEEPING THINGS SIMPLE

The CarTeck MOTOR offers simplicity and reliability rolled into one. With a choice of accessories, controlling your garage door is effortless and with MyQ, you can control your garage door from anywhere with a tap on your phone or tablet.

The CarTeck MOTOR L60 & L75 both offer incredibly smooth and super-quiet garage door operation via a multi-frequency remote transmitter and have an integrated, powerful LED lighting system.

Our doors and openers are independently tested and certified to all current safety legislation and carry a CE/UKCA mark.

CARTECK MOTOR L60

CARTECK MOTOR L75

The CarTeck MOTOR L60 can lift doors up to 123kg. Included as standard are 2 x 4-channel remote transmitters. It is compatible with all accessories - see reverse.

The CarTeck MOTOR L75 can lift all door sizes. Included as standard are 2 x 4-channel remote transmitters and a wireless 2-channel wall switch. It is compatible with all accessories - see reverse.

CarTeck MOTOR

4-CHANNEL REMOTE TRANSMITTER

With extra large buttons for comfortable use and an attractive compact design, the CarTeck MOTOR's 4-channel remote transmitter makes it possible to control up to four doors.

SMART PHONE CONTROL WITH MYQ

For complete control, integrate your garage door with your smart home for unrivalled convenience and security with MyQ. MyQ connects your garage door to your internet so you can control from your smart phone or tablet*.

MyQ Gateway

Light barrier

***Requires a light barrier for safe remote operation.**

WIRELESS KEYPAD 433/868MHZ

The CarTeck MOTOR's wireless keypad is suitable for internal and external use and is simple to install. Set up a 4-digit pin for convenient and effortless access without the need to carry a key. You can also set up temporary codes for visitors.

WIRELESS 2-CHANNEL WALL CONTROL

The CarTeck MOTOR's wireless 2-channel wall control is suitable for internal use only - its elegant design is at home in any style of interior. Control up to two garage doors without needing your remote control to hand.

MYQ LED RADIO LIGHT

For optimal illumination, the CarTeck MOTOR's MyQ LED radio light has flexible positioning options allowing for installation on the ceiling or wall (within 180cm of a 220V plug socket). Providing 1500 lumen and 4000k light, the light can be controlled via the MyQ app on a smart phone or with a remote control.

EXTERNAL RELEASE

In the event of power failure, the motor can be disengaged using the discreet external release. This should be fitted if no alternative access to the garage is available to allow manual operation of the door until power returns.
